## World Class Cardiovascular Care for the Hispanic Community | www.hispanicheartcenter.org

Dear All,

Welcome to our monthly e-newsletter. This issue highlights the mission and values of the Hispanic Heart Center: Strengthen clear communication and outreach to extrapolate the clinical excellence of Mount Sinai Heart. In addition, we reinforce the transformative power of education and its capacity to have a significant impact on patient outcomes.

Javier Castillo, MD Director, Hispanic Heart Center Estimados todos.

Bienvenidos a nuestro boletín electrónico mensual. En este número destacamos la misión, la visión, y los valores del Hispanic Heart Center: reforzar la comunicación, así como divulgar y extrapolar la excelencia clínica de Mount Sinai Heart. Además, reiteramos la gran importancia de la educación y su capacidad para mejorar los resultados clínicos.

Javier Castillo, MD Director, Hispanic Heart Center

#### Valve Disease Awareness Campaign in Spanish **AUGUST 15, 2018 | NEW YORK**

Dr. Valentin Fuster, the Hispanic Heart Center, and the American Heart Association are partnering to conceptualize and launch a heart valve disease awareness campaign completely in Spanish. The initiative, mainly focus on education, seeks to encourage Hispanic patients to learn more about signs and symptoms of heart valve disease. In addition, patients will be informed about screening, importance of regular auscultation, significance of a heart murmur, timely echocardiography, and treatment options. Community advocacy has a tremendous impact on clinical burden from advanced heart valve disease.

# The Office of Student Wellness and Health Services at Bronx

Supporting Youth in Medically Underserved Areas

Community College of the City University of New York (CUNY) will be hosting the Annual Men's Health Initiative on October 18th. The keynote lecture will be given by Dr. Javier Castillo, Director of the Hispanic Heart Center. Dr. Castillo's motivational talks, based on his personal experience and career journey, have been increasingly demanded by educational institutions and student organizations. Bronx Community College is a Hispanic Serving Institution (HSI) that offers programs to 11,500 students from 100 countries of which 66% are Hispanic.

#### Live Streaming Surgical Course on Mitral Valve Repair SEPTEMBER 1, 2018 | MEXICO CITY, MEXICO

The Mitral Foundation, a nonprofit organization linked to the

Department of Cardiovascular Surgery, will host a live streaming surgical symposium in January. David Adams, program director, will demonstrate a spectrum of mitral valve repair techniques to national and international surgeons and cardiovascular specialists willing to learn the latest in this field. These techniques will be broadcasted from the operating room to an auditorium in Mexico City, Mexico. The Hispanic Heart Center will help to coordinate this pioneering event overseas with surgeons from Latin America.

### Hispanic Heritage Month in the United States SEPTEMBER 15, 2018 | NEW YORK

a Hispanic Heritage Month celebration that runs from September 15th to October 15th. This is also extended to Canada and Latin America. Hispanics make up 17.3% of the US population (55.3M, being the second-largest ethnic group). People of Mexican origin account for a total of two-thirds. 75% of Hispanics speaks Spanish at home. 70% of Hispanics over 65 years-old live in four states: California, Texas, New York, and Florida. By 2050, the Hispanic population is projected to be 119M.

The United States annually honors the Hispanic community with

#### **NOVEMBER 3, 2018 | MERIDA, MEXICO** The Spanish Society of Cardiology gathered in Sevilla more than

4000 cardiovascular specialists. The Hispanic Heart Center was

OCTOBER 25, 2018 | SEVILLA, SPAIN

present at the plenary session on mitral valve disease. The XVIII Annual Meeting of the National Cardiology Association of Mexico took place in Merida, Yucatan. Dr. Javier Castillo led the plenary session on current controversies in management of mitral valve disease.

## Structural heart disease is our specialty. We strive to proceed with a thorough history for evaluation of causes and symptoms,

quantification of the severity of valve dysfunction and benefit of each potential therapeutic intervention. We have adapted, simplified, and fully translated the guidelines to improve and maximize patient understanding about indications and timing. Primary Severe Mitral Regurgitation | Insuficiencia Mitral Severa Primaria Severe Aortic Stenosis | Estenosis Aórtica Severa SYMPTOMS LVEF LVESD OTHER CONDITIONS RECOMMENDATION SINTOMAS FEVI DTSVI OTRAS CONDICIONES RECOMENDACION
