

The Hispanic Heart Center Played a Role in 2019's Largest Meetings in Latin America

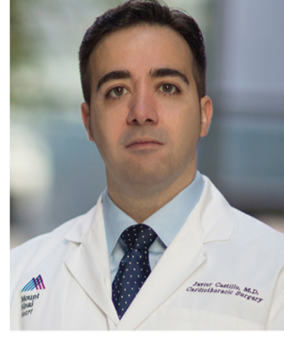

ACC Latin America Conference 2019

STS / EACTS Latin America Cardiovascular Surgery Conference 2019

World Class Cardiovascular Care for the Hispanic Community | www.hispanicheartcenter.org

Dear All, Welcome to our monthly e-newsletter. This issue highlights the progressive expansion of the Hispanic Heart Center not only in New York City but also within the United States and Latin America.

Javier Castillo, MD Director, Hispanic Heart Center

Estimados todos, Bienvenidos a nuestro boletín electrónico mensual. Este número destaca la expansión del Hispanic Heart Center no sólo en la ciudad de Nueva York, sino también en Estados Unidos y Latinoamérica.

Javier Castillo, MD Director, Hispanic Heart Center

Felices Fiestas - Happy Holidays NEW YORK | USA

As 2019 draws to an end, I would like to wish you and your loved ones happy holidays and a healthy prosperous new year. This has been an extraordinary year for the Hispanic Heart Center.

The Hispanic Heart Center at the AHA Scientific Sessions PHILADELPHIA | USA

The 2019 AHA Scientific Sessions took place in Philadelphia, Pennsylvania. The Hispanic Heart Center was represented by Dr. Javier Castillo who participated in a debate on the surgical options for patients with cardiogenic shock after STEMI and mechanical complications.

Launch of New Biological Heart Valve - Live Cases BOGOTA | COLOMBIA

One of the busiest hospitals for cardiology and cardiovascular surgery in Colombia will be first to implant a new biological heart valve. This new technology is meant to enhance hemodynamics and provide longer durability due to a novel tissue treatment to mitigate calcification and deterioration.

Webinar advertisement for 'MANEJO ACTUAL DE LA INSUFICIENCIA MITRAL' by Javier Castillo, MD.

First HHC Webinar on Mitral Valve Disease CIUDAD DE MEXICO | MEXICO

The Hispanic Heart Center and Sociedad Mexicana de Cirugía Cardiaca will host the first HHC webinar on current management of mitral valve disease.

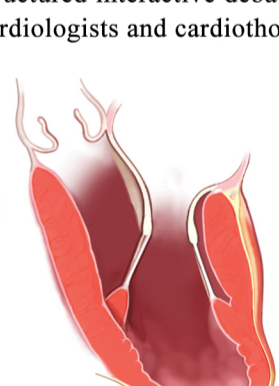

AHA 'Friends of Heart' Luncheon NEW YORK | NEW YORK

The American Heart Association and the Hispanic Heart Center hosted the 'Friends of Heart' luncheon at the 3 West Club in NYC.

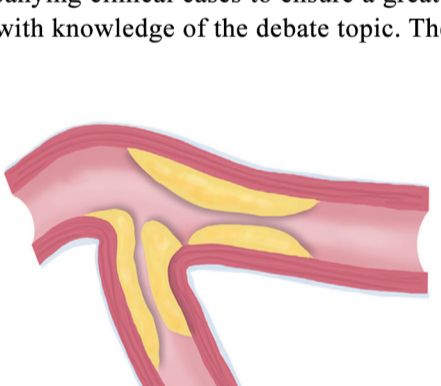

The 2020 Hispanic Heart Center Debates: Secondary MR, Left Main Disease, Low Risk AVR...

Evidence-based medicine requires the integration of clinical experience or expertise with the best available and most updated literature.

SECONDARY MR

LEFT MAIN DISEASE

LOW RISK AVR

Making an Impact on Patient Education

Structural heart disease is our specialty. We strive to proceed with a thorough history for evaluation of causes and symptoms, accurate assessment of the severity of the valvular abnormality by examination, pertinent diagnostic testing, and complete quantification of the severity of valve dysfunction and benefit of each potential therapeutic intervention.

Table with columns: Primary Severe Mitral Regurgitation, Symptoms, LVEDD, LVEDV, Other Conditions, Recommendation, Class.

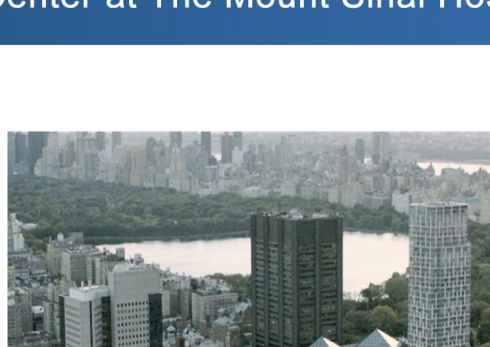

Table with columns: Severe Aortic Stenosis, Degree, Symptoms, LVEDD, LVEDV, Other Conditions, Recommendation, Class.

Strong Benefits, Moderate Benefits, Weak Benefits legend
